Mr. William R. Smyser INR/REA

Analysis of the DRV's Four Points.

Per our 3 May conversation at the Bundy Committee meeting, attached is a memorandum on "The Five-Point Program of the National Liberation Front, The Four-Point Proposal of Pham Van Dong and Their Relationship to the Geneva Accords. " Although this memorandum was written in January 1966, I believe the analysis is still both accurate and relevant and thus believe you may find this memorandum helpful in your present exercise.
